"There, There Katie"

Katie, you're a brave girl
And I know it's only just started
But I'm gonna be there at six
With some flowers on sticks
That were clipped just to make the weak strong
And Katie's it's a strange world
And girls can get so broken hearted
But if it were me and the universe
I'd get the worst of this song

And Katie
Katie, I'm sorry
That in your condition
The sunshines been missing
But Katie
Don't believe that it isn't there
Oh and Katie
Katie, be happy
This world can be ugly
But isn't it beautiful
Not really here
And really not there
We're really not there

Katie, you're a brave girl
Courage is something I'll need now
Because it's been a hell of a day
I've spent fading away
But we all fade sometimes
I believe
That Katie it's a strange world
As I watch our tables get turned round
But you've got the strength that I've lost
Who'd of thought you would be carrying me

And Katie
Katie, I'm sorry
That in your condition
The sunshines been missing
But Katie

Don't believe that it isn't there
Oh and Katie
Katie, be happy
This world can be ugly
But isn't it beautiful
Not really here
And really not there

Woahwoah, woah, Woahwoah, woah
It's not the end of the world
It's not the end of the world
It's not the end of the world
'Cause the cops wouldn't break up this party

And Katie
Katie, I'm sorry
That in your condition
The sunshines been missing
But lately
I don't believe that it isn't there
Oh and Katie
Katie, be happy
This world can be ugly
But isn't it beautiful
Not really here
And really not there
I said we're not really here
And really not there
We're really not there

Katie, you're a brave girl
And I know it's only just started
