Another chapter
Another one for you to read
Book without pages
Tells the story of our lives
Between this skin of our hard backed covers
Are blood and wires
A pump to push the feelings through
Reflecting light and circumstance
We crystalise in form
An embryonic ever changing reckless form of
Self expression
We all live for the moment and die in a heart beat

Just remember there's always
One in the chamber
The hammers back
No time to lose
Just remember there's always
One in the chamber

The hammers back
No time to lose

A user friendly smile
Upon this broken dial
With a generic response
For a million stupid questions
On a starry night
In a small town
With a dumb name
And a broken spine
I spit and scream
And dream of somewhere else

I dream of somewhere else

Just remember there's always
One in the chamber
The hammers back
No time to lose
Just remember there's always
One in the chamber

The hammers back
