Is it me or have the last few weeks just come and gone  
'Cause I can't recall a word I've said or where I went  
wrong

It's like I'm sleep walking on a tight wire no land  
beneath my feet  
It's like I'm running blind on a telephone line cars drive  
by on a busy street

Full of gasoline driving uphill I think I can  
I'll try to keep quiet or else my famous last words will  
be...

What I said (4x)

Surprise, surprise I find myself up to my old tricks  
again  
Going down this road of good intentions I swear I've  
never been  
You'd think that I would have learned by now I guess  
old dogs die hard  
But until I know why I get restless in the sun in my  
backyard

And if I'm obscene by eating out of alleys and garbage  
cans  
You know I'll try to keep quiet or else my famous last  
words will be...

Can I come clean by jumping out the tub all soaking wet  
You know I'll try to keep quiet or else my famous last  
words will be...
