[Verse 1:]
I can't help, but stare
At the shirt on the chair
It's been watching me cry for weeks
And I can still see your face
Watchin' my heart race
In the pictures of you and me

And I can't help listen
To my heart missing your touch
Ever since you've been gone
I try to block it out
But it's going round and round
You're stuck in my head like a song

[Chorus:]
So I just sing a lullaby by
Baby, bye bye
But my heart is saying it's not the end
So I just sing a lullaby by
Baby, don't cry
Cause I know I'm gonna see you again
See you again

Bye bye bye bye
See you again
Bye bye bye bye
See you again
Bye bye bye bye
See you again
Again
Yeah

[Verse 2:]
Call it crazy, but I know
You're gonna walk through the door
Soon as I turn around
It's like your voice in the air
And you sound so sincere
And there's nothing to worry about

And I can't help listen

To my heart missing your touch
Ever since you've been gone
I try to block it out
But it's going round and round
You're stuck in my head like a song

[Chorus:]
So I just sing a lullaby by
Baby, bye bye
But my heart is saying it's not the end
So I just sing a lullaby by
Baby, don't cry
Cause I know I'm gonna see you again
See you again

[Bridge:]
It's written in the melodies
That we were meant to by
With me, is where you belong
And as long as you're away, babe
I'll be here waiting
Just singing this song
Oh

Song song song
Oh
I know it won't be long
Singing this song
Song song song
Oh
I know you'll be coming home
Oh

[Chorus:]
So I just sing a lullaby by
Baby, bye bye
But my heart is saying it's not the end
So I just sing a lullaby by
Baby, don't cry
Cause I know I'm gonna see you again
See you again

Bye bye bye bye
See you again
Bye bye bye bye
See you again
Bye bye bye bye
See you again
Again
Yeah
