She's the kind of girl that wanna live like a model
Working 2 jobs just to pay for a bottle
Party all night till the sun come up
Then it's back to the grind when the morning comes
Louie bags, Gucci shades a whole lot of Prada
Skip a few pills just to get pushy wanna
Live it girl cause it's feels alright
It will all be better by the end of the night
Oh, when ... she don't ever wanna go home
Things I discover messed it up those credit cards gone
But it's ok but baby when you want to ...
The floor is all yours,

[Chorus]

So give it up for my city girl
She brings the light to this lonely world
...dreams never found toast up up for all of my city
girls, uh
So give it up for my city girl,
She brings the light to this lonely world
...dreams never found toast it up for all of my city girls,
You're in my city girl

...there's one thing that I'll always remember
A smile and a kiss makes it hard to forget her
She left in the morning when the sun came up
Now I'm sitting in here wondering where she was

A little ... sky, tell me have you seen her
Can't stop thinking bout what we had, I remember her
Oh, when ... she don't ever wanna go home
Things I discover messed it up those credit cards gone
But it's ok but baby when you want to ...
The floor is all yours,

[Chorus]

So give it up for my city girl
She brings the light to this lonely world
...dreams never found toast up up for all of my city
girls, uh
So give it up for my city girl,
She brings the light to this lonely world

...dreams never found toast it up for all of my city girls,
You're in my city girl

Just clap for them, uh, you're in my city girl
Just clap for them, uh say
You make me wanna say, ah, everywhere I'll go I'll sing
it, yeah
Uh you're my city girls
Uh, I could never forget you (live without you)
All my city girls I love you, oh baby
Uh, I could never forget you (live without you)
Say oh, ah, give it up for my city girl

[Chorus fade].
