Yellow bone sexy tone yeah I like to meet her
Not your average girl but she look just like a diva
Something's on her mind I can tell the music's tryna
free her
I just took about her hand and walked her to the floor
She's not... and I can tell what you're going through is
unfair
Just dance the night away it'll be okay
Cause now that you're here

Go ahead and leave it all
On the dance floor
Oh girl you're such a star
On the dance floor
DJ play another record so her problems away
And let the music take control
You can get away
I just wanna see her yeah
On the dance floor

I see it on your face i'll erase just what you've been
hiding
Looking at the ground so long i'll show you the ground
and
Take you higher girl you're my one desire

There's not... and I can tell what you're going through is
unfair

Just dance the night away it'll be okay
Cause now that you're here
Oh

Go ahead and leave it all
On the dance floor

Oh girl you're such a star
On the dance floor
DJ play another record so her problems away
And let the music take control
You can get away
I just wanna see her baby

On the dance floor

Leave it all on the dance floor baby
Leave it all leave it all leave it all leave it all
Just leave it all on the dance floor baby
Leave it all leave it all leave it all leave it all
On the dance floor

Go ahead and leave it all
On the dance floor
Oh girl you're such a star
On the dance floor
DJ play another record so her problems away
And let the music take control
You can get away
I just wanna see her yeah
On the dance floor
Leave it all
Leave it on the dance floor
Leave it all
Leave it on the dance floor
On the dance floor
Leave it on the dance floor
On the dance floor
Leave it on the dance floor
