Shorty in the mall
Looking so good
Standing in the tight jeans maybe I should
Go over there whisper in your ear
Tell you all the things that you wanna hear
Baby what is your name
Are you new in town
Cause I have never seen a pretty girl like you around
I just couldn't stand to tell you how I felt
So girl pick up your phone
Got my number right there
Where we go
Trust me girl I know
You're fine
With your pretty little hand in mine

When I'll get your number
We will do it all
When I'll get your number
We are shopping at the mall
When I'll get your number
It better be the right one
Girl, when I'll get your number
We can get in
When I'll get your number
You can tell your friends
When I'll get your number
I knew you are the right one

Guys don't know how to treat you right
Girl I promise that you'll never cry in lonely nights
I would be your soldier
Cry it on my shoulder
I'll be like your man just take me to your odor
Tell me have you ever had a guy just do it all
Not suspect you you can be just what you want
But it stops right here â€¦ little number from a call Id
Where we go
Trust me girl I know
You are mine
With your pretty little hand in mine

Let me get that number (repeats)
