House keys on the table
Door half way closed
Where shes going, I wished I knew
I let the drama get to me
Couldn't swallow my pride
I let the best thing walk out of my life

All she wanted to know was: Did I love her
But I couldn't answer, I'm so caught up
Too many fight cost me a life time

Said I'll be just fine without you in my life
I couldn't deny it'd be the greatest lie
Words can't describe just what you mean to me
You know I need you tonight
I told the greatest lie
Said I don't love you
I told the greatest lie, I told the greatest lie
Said I don't love you
I told the greatest lie, I told the greatest lie

Stead of tryna go back for that one moment (?)
And tell you how I feel girl I'm dying inside
In life there is no certainty, should've took that
opportunity
And say just what I really felt

All she wanted to know was: Did I love her
But I couldn't answer, I'm so caught up
Too many fight cost me a life time

Said I'll be just fine without you in my life
I couldn't deny it'd be the greatest lie
Words can't describe just what you mean to me
You know I need you tonight
I told the greatest lie
Said I don't love you
I told the greatest lie

And no baby I'm at the end of my road
Theres no excuse for me
I know, you gotta believe me

How could I ever tell a lie

Said Iâ€™ll be just fine without you in my life
I couldnâ€™t deny itâ€™d be the greatest lie
Words canâ€™t describe just what you mean to me
You know I need you tonight
I told the greatest lie
Said I donâ€™t love you
I told the greatest lie, I told the greatest lie
Said I donâ€™t love you
I told the greatest lie, I told the greatest lie
