It's so many things, that I would love to change
But somehow you stayed, and accept me and all my
ways

You're more than what I dreamed of
And this is bigger than the both of us, I know
I should be giving more attention
And I promise that I'm gon' give you more

I'm not where I wanna be but
I'm steady climbing
You can look into my eyes and see that I'm trying
Cause I want a better me

Mistakes, I've made can only force me to learn how to
love you

I get better with every turn
You are my angel and I promise better days
And that ain't too far away
You're more than what I dreamed of
And this is bigger than the both of us, I know
I should be giving more attention
And I promise that I'm gon' give you more

I'm not where I wanna be but
I'm steady climbing
You can look into my eyes and see that I'm trying

You been there to see every part of me
And you accept every bit of my heart
There's no stopping what me and you can be
And I promise I will give you more
I'll be all x 4

I'm not where I wanna be but
I'm steady trying right into your arms girl
You look into my eyes and see that I'm trying
Cause I want a better me x 5
