I've ran away for too long
My shoes' torn
I fought hard
And move all this camp the light on to come home (?)
I'm so tired
And now I'm in the car with no path
Can't get back to where we started
Feel just like a bad movie, ohhh

Don't wanna argue
Please, no more casualties
See now, girl, I realize you're the one for me
Take me back, I'm yours

So I'm raising my love flag
I surrender my love
I know you're the one
I'm so tired of running for miles, yeah
There was a war within the heart
Fought you too long, now I give up
So I'm raising
So I'm raising
So I'm raising my love flag

Keep on hurting your feelings (?)
Now I'm bleeding for the mistakes that I made
Knew one day that I would pay for starting this whole
thing
This four minute line's reunite, water broken
I'll do whatever, girl, just take me back
I want you to know I can't let you go, no I don't

Don't wanna argue
Please, no more casualties
See now, girl, I realize you're the one for me
Take me back, I'm yours

So I'm raising my love flag
I surrender my love
I know you're the one
I'm so tired of running for miles, yeah

There was a war within the heart
Fought you too long, now I give up
So I'm raising
So I'm raising
So I'm raising my love flag

You know I can't go and face alone without you here
with me
But, damn, I wiped it
Girl, I'll risk it all to make sure that I can stay
I got my different man not like before, ohh
And girl, I'll be waiting until you return

So I'm raising my love flag
I surrender my love
I know you're the one
I'm so tired of running for miles, yeah
There was a war within the heart
Fought you too long, now I give up
So I'm raising
So I'm raising
So I'm raising my love flag

So I'm raising
So I'm raising
So I'm raising my love flag
So I'm raising
So I'm raising
So I'm raising my love flag

Mehh, I tried .
Correct me if I'm wrong .
