I wanna live
Live like I never dead (oh-o-oh-o-oh-o-o)
Taking my chances
I'll see it till the end (oh-o-oh-o-oh-o-o)

There ain't no mountain high or no valley no
I swear that I can move about every obstacle
My hands toward to the sky
There ain't no other way
I know that if I fall
I'm gonna be Okay cause

One day
I'm gonna fly
I can do everything be everything
One day at that time
I will be anything be anything
One day
(x2)

I wanna see
Places I never seen(oh-o-oh-o-oh-o-o)
Picture me out there
Own every TV screen(oh-o-o-o-o)

There ain't no mountain high or no valley no
I swear that I can move about every obstacle
My hands toward to the sky
There ain't no other way
I know that if I fall
I'm gonna be Okay cause

One day
I'm gonna fly
(I'm gonna fly)
I can do everything be everything
(Oh yeah-yeah-yeah)
One day at that time
(at the time)
I will be anything be anything

(Oh yeah)

One day
(One day)
I'm gonna fly
(I'm gonna fly)
I can do everything be everything
(anything one day)
one day at that time
(at the time)
I will be anything be anything
(Oh- Oh)
One day
(One day)

Sometimes you can let you're life just pass you by
While you sit waiting
So I'm gonna chase my dream get the best of me
And you will see One day

(One day)

I can do everything be everything
(Oh) (I'll be everything)
