Ooh whoa whoa ohh oh
Yeah yeah

I saw you girl
On the floor
Lookin' like I wanna approach you
I see you dancin' with your girlfriends
I hope they got a lot
Because I'mma breakin in

Ooh whoa
Don't be a afraid of my heart
You just got arrows I got somethin' to tear you apart
You want the down down
I got the down down
I have your head spinnin' round round round

I know you want somethin', so don't try to run
The first shots are fun, come kiss the gun
I like hearing low
There's nowhere to go, so don't try to run
'Cause this is stick up girl
Put your hands in the air(x3)
'Cause this is stick up girl
Put your hands in the air(x3)
Cause this is stick up girl

You in the back
Just like I thought
Ooh your body soft
Ooh girl ooh ya body soft
You at the right place
At the right time
Girl what we doin'
Ooh it should be a crime

Ooh whoa
Don't be a afraid of my heart
You just got arrows I got somethin' to tear you apart
You want the down down

I got the down down
I got your head spinnin' round round round

[Chorus]

I know you want somethin', so don't try to run
The first shots are fun, come kiss the gun
I like hearing low
There's nowhere to go, so Don't try to run
'Cause this is stick up girl
Put your hands in the air(x3)
'Cause this is stick up girl
Put your hands in the air(x3)
Cause this is stick up girl

[Bridge]

A shot through the heart is all I need today and tonight
(Today and tonight)
My luck got your hostage baby at least once a night(?)
Down, down, down
(Stick up girl, stick up girl, stick up girl, stick up girl)
Ohh yeah yeah yeah ooh whoa
(Stick up girl, stick up girl, stick up girl, stick up girl)

I know you want somethin', so don't try to run
The first shots are fun, come kiss the gun
I like hearing low
There's nowhere to go, so don't try to run
'Cause this is stick up girl
Put your hands in the air(x3)
'Cause this is stick up girl
Put your hands in the air(x3)
Cause this is stick up girl

Put your hands in the air(x6)
