Damn.. im sorry baby never mean to hurt you all i can

I can't seem to clear my mind
i think about it shawty all the time
to know i was the one that did you wrong
but i promise i've change and i put that on everything

Don't wanna go clubbin' with my boys..
don't wanna meet nobody new
cuz baby girl im still on love with you
said im half a man hear me out girl understand

Girl i cheated i shouldn't of beat it
left you with no heart beat
now n now i can't sleep a
and there's no reason i have none at all
a cheater stone cold cheater
and im not finished don't think im crazy
oh girl said she once lay pregnant with my baby
with no reason i have none at all
a cheater a stone cold cheater..

Now i know my actions was wrong
but please listen how i feel about it inside girl
i just cry n cry over and over
you played your position stayed down like a soldier
but while you was home alone
i was gone doing wrong
should had you down lovin you
not messin around
girl i shouldn't of lied to you
i should of told the truth im half a man without you..

Girl i cheated i shouldn't of beat it
left you with no heart beat [no reasons for my actions
baby]
there's no reason i have none at all
a cheater stone cold cheater
and im not finished don't think im crazy

oh girl said she once lay pregnant with my baby
with no reason i have none at all
a cheater a stone cold cheater

Girl never ever ever meant to tear us apart
wish we could start all over again didn't mean to play
with your heart
im so sorry baby im so sorry baby
and girl i never ever ever meant to lie to you
no words can express the type of pain that i put you
through
im so wrong so wrong im so torn now that your gone..
wooooh

Girl i cheated i shouldn't of beat it
left you with no heart beat
now n now i can't sleep girl
and there's no reason i have none at all
a cheater stone cold cheat
and im not finished don't think im crazy oh
girl said she once lay pregnant with my baby
with no reason i have none at all
a cheater a stone cold cheater..
