You're my beautiful girl
The one in this world
Could ever compared to
The love I get from you
Yeah this one is for you baby
This one's for you baby

And when you smile
It brightens my day
You give me purpose
I knew you were worth it
Yeah this one is for you baby
This one's for you baby
Yeah

Ever since the first day you were born
Whatever you need I got it all
From the moment you just shine
That's how I knew that you were mine
So wonderful
The special
I truly get the angel
Show them how beautiful you are
Ey
Now what you want you get it
Never let them tell you otherwise
And be the first to admit it
If you feel less than satisfied
Just know yeah
I'll be there when you fall yeah
And everywhere that I go

You're my beautiful girl
The one in this world
Could ever compared to
The love I get from you
Yeah this one is for you baby
This one's for you baby

And when you smile
It brightens my day
You give me purpose

I knew you were worth it
Yeah this one is for you baby
This one's for you baby

And when we take it back 2005
Singing on the peer just to survive
Make a little money to work I can
Way from a boy to upper man
You made me even better

And every single letter
I'll keep it close to my heart

Now wait a minute
There be some guys that want holla
A big girl just tell no
And when you get older
Just know that
If you like just let go
Oh, baby
Just know yeah
I'll be there when you fall yeah
And everywhere that I go

You're my beautiful girl
The one in this world
Could ever compared to
The love I get from you
Yeah this one is for you baby
This one's for you baby

And when you smile
It brightens my day
You give me purpose
I knew you were worth it
Yeah this one is for you baby
This one's for you baby
Yeah

Now this is the part
I need my little girl get to the dance floor
Yeah
Your time to shine baby
So go and do your dance
Baby, do your dance
So go and do your dance
Make it do your dance

You're my beautiful girl
The one in this world
Could ever compared to

The love I get from you
Yeah this one is for you baby
This one's for you baby

And when you smile
It brightens my day
You give me purpose
I knew you were worth it
Yeah this one is for you baby
This one's for you baby
Yeah
