Iâ€™m back to life, yeah, yeah, yeah
And now is the time, yeah, yeah, yeah
Lost too much things, I canâ€™t get back
A part of missing piece and yeah, yeah, yeah

I fell in love, I fell in deep
You took my breath, could hardly speak
I fell in love, I fell in love, I fell in love
While I was waiting for you!

Chorus:
Oh, oh, oh, oh
While I was waiting for you!
Always and forever this much is true
Always and forever I got the clue
Always and forever this much is true
Always and forever I got the clue
My love is waiting for you!

The world stayed yeah, yeah, yeah
And Iâ€™m born to play, yeah, yeah
I let you go when I could have stayed yeah, yeah, yeah
And thatâ€™s when I found the best of me yeah, yeah,
yeah

I fell in love, I fell in deep
You took my breath, could hardly speak
I fell in love, I fell in love, I fell in love
While I was waiting for you!

Chorus: (x2)
Oh, oh, oh, oh
While I was waiting for you!
Always and forever this much is true
Always and forever I got the clue
Always and forever this much is true
Always and forever I got the clue
My love is waiting for you!
