Run run you make me run
It's not much fun when I'm trying to keep up.
Down down you knock me down
I hit the ground and you sweep me up.

I keep coming back to you
baby like you want me to.
Why can't we have what we had?
I guess its just another love gone bad
Another love gone bad.

How can you be so cruel, act so cruel
Rub my nose in dirt.
Why do I even try I don't know why
I guess I like to get hurt.

I keep coming back to you
baby like you want me to.
Why can't we have what we had?
I guess its just another love gone bad
Another love gone bad.

I got you stuck inside my head.
Well theres no place you'd want to be instead.

I keep coming back to you
baby like you want me to.
Why can't we have what we had?
I guess its just another love gone bad
Another love gone bad

Another love gone bad.
Another love gone bad.
Another love gone bad.
I gotta go nah nah nah nah.....
nah nah nah nah nah....

Nah na na.
