I don't live in a dream
I don't live in a dream

I don't live in some land forgotten
I don't live in a dream
No I, I don't live in a dream

I don't live on the moon
Drink martinis in the afternoon
I don't pretend to make the world feel better
I don't live on the moon
No I, I don't live on the moon

I live right here with you
Walk the same as you do
I don't believe that we're so different
I live right here with you
Yes I, I live right here with you

Your twisted heart
is a cruel and wonderful thing
It tears me apart
hangin' on every string
I don't live in a dream

I don't live in a dream
I don't hustle or scheme
I have no faith in politicians
I don't live in a dream
No I, I don't live in a dream

Oh,
Oh yeah
