Don?t despair my heart, lovers sometimes part
You know you?re taking chances from the start
Love will find a way back in my heart

Don?t give in to fears, you loved her all those years
Even though you?re fighting back your tears
Love will find a way back in my heart

Love will find a way, Love will find a way
Love will find a way back in my heart

Don?t think it?s a shame, learn to play the game
Till you stop remembering her name
Love will find a way back in my heart

Love will find a way, Love will find a way
Love will find a way back in my heart
