You sure don't have a lot
But you use what you got
And you got thinking about it
You got me thinking
I just aint sure that I will
What I see in your face
This aint the time or the place
But you got me thinking about it
You got me thinking
I just aint sure that I will
Baby, you're sure in for a big surprise
If I can believe what I see in your eyes
You may not know what to do
But Im going to give you a clue
Cause you got thinking
You got me thinking
And if I can believe what I see in your eyes
You may not know what to do
But Im going to give you a clue
You got me thinking
You got me thinking about it
I just aint sure that I will
You know you got me thinking
Somethings on my mind
Thinking, thinking, thinking
