Rolls Royce, a golden voice, money so you make your
choice
Of buying drinks for all the boys is
This what you want, does it make you happy, does it
make you feel good?
Mohair suits and cowboy boots and plastic troops with
guns that shoots
A lady with whom you know you can take roots is
This what you want, does it make you happy, does it
make you feel good?
Is this what you want, is this what you want, is this what
you want?
Apple pie and ice cream do you treat your momma
mean,
Does it make you happy, does it make you happy?
Cigarettes and nickel bets and knowledge that your
head forgets
Like how high or old is Everest is
This what you want, does it make you happy, does it
make you feel good?
Hippy clothes and painted toes and talking to the guy
who knows
Who sticks a flower up your nose and says that you
reap just what you sow is
This what you want, does it make you happy, does it
make you feel good?
