

## Caedmons Call

### "Hardest Time"

Visit "[Hardest Time](#)" on MotoLyrics.com

This is the hardest time, I can't define it's never easy  
When you're said goodbye  
We're all inclined to act like nothing's wrong

I am the one, he said  
Who never had a proper reason to be sad or down  
But now I found I've got them all in one

I can't define, and nothing should be wrong  
I can't decide until I feel it

I am the one, he said  
Who never had a proper reason  
Until we said goodbye  
We're all inclined to act like nothing's wrong
