Wind me up
Put me down
Start me up and
Watch me go

I'll be running circles around
You sooner than you know

A little off center and I'm out of tune
Just kicking this can along the avenue
But I'm alright

'cause it's easy once you know how it's done
You can't stop now
It's already begun
You feel it
Running through your bones

And you jerk it out
Jerk it out

Shut up hush your mouth can't you hear you talk too
loud?
No I can't hear nothing cause I got my head up in the
clouds.
I bite off anything that I can chew
I'm chasing cars up and down this avenue
But that's ok

Cus it's easy once you know how it's done
You can't stop now it's already begun
You feel it running through your bones
And you jerk it out

(instrumental interlude)

Cus it's easy once you know how it's done
You can't stop now it's already begun
You feel it running through your bones
And you jerk it out

And you jerk it out (x2)

Oh baby don't you know you really gotta jerk it out (x2)
