She's not real  
Shes the spokes on a wheel  
The way she moves  
Will take you where you wanna go

You're the one  
That she steals from  
But if not you  
Shes gonna find somebody else

Cause nothing is ever enough  
Nothing is ever enough  
and you love her  
But you know you got to leave her  
Shes leaving you with  
With no way out

And she's a jewel  
In the nose of a fool  
Shes beautiful  
But she don't know who she is

And you're a wreck  
Because you suspect  
Shell never be  
Who she was years ago

Cause nothing is ever enough  
Nothing is ever enough  
and you love her  
But you know you got to leave her  
Shes leaving you with  
No way out  
and you love her  
You know you got to leave her  
Shes leaving you with  
With no way out

Maybe you don't see it  
but shes waiting everywhere you're gonna go  
in the faces of the people

Who look at you like someone that they know

And you love her

But you know you got to leave her

Shes leaving you with

No way out

and you love her

But you know you got to leave her Shes leaving you

with No way out
