I will return cos when I really need something
Nothing can bring me down
I wish I could talk
If only you would be listening
That could be good too

This is what I know (I feel it now)
Shouldn't be so slow (it's changed somehow)
Oh, nobody needs a low (don't let me down)
I wish that I could go and
Bleed it out before I go

I can remember, I really remember
Having it all this time
It should have been sweet
I sure must be learning
That could be true too

This is what I know (I feel it now)
Shouldn't be so slow (it's changed somehow)
Oh, nobody needs a low (don't let me down)
I wish that I could go
Bleed it out

Because there's nothing in my world
You can build upon
We must be hoping for another chance
This is what I know

I can bring it down
To the point I guess
We must be hoping for another chance
This is what I know

(I feel it now,
It's changed somehow,
Don't let me down)

Oh, shouldn't be so slow (I feel it now, it's changed
somehow)
Oh, nobody needs a low (don't let me down)
