"So Long"

Made up an apology,
I didn't know you'd be so uptight
You know I tend to mess up
On the things that could provide a good life, maybe not

Give me just a minute,
I know I could come up with something upright
Cause I don't have the heart to
Like you do, go and take it out of sight, out of mind

I don't wanna be free, just don't have it in me
I'll keep my eyes wide open until I'm gone
I will be fine, a matter of time
You better stay and wait for me so long

Made up an apology,
I didn't know you'd be so uptight
For I don't have the heart to
Like you do, go and take it out of sight, out of mind

I don't wanna be free, it's the sucker in me
I'll keep my eyes wide open until I die
I will be fine, a matter of time,
We'll figure out a way for us somehow

So long
