"Stains"

This is how it all began, I can recall
This one time couldn't get enough
Life was kind of cold but you were like a fire
Flaring up, couldn't get it out

Hey, I can remember what you said to me when we
were young
Hey, nothing's forever, can't you see

Time and time and time again
You come to mind
And it's worse than the TV ads
That's when I get cold again despite the time
Freezing up, couldn't get it out

Hey, I can remember what you said to me, when we
were young
Hey, nothing's forever, can't you see

Stains, I will remember like you said to me when we
were young
Stains will last forever, can't you see
