Don't stop 'till I give the safeword  
Maybe you have not heard  
Wonder what it was  
This is not about the devil  
But the way to heaven  
Baby I can cope

Uh, it's only bruised  
It's only bruised  
I don't need you  
Telling me what's wise  
It's only my perception right?

I am just a little stranger  
This is what I'm made of  
This is what I want  
Maybe you are on the wrong side  
Surely not on my side  
Baby you can go

True, it wasn't you  
Who got me bruised  
That maybe right  
You don't wanna try  
Then maybe I can save myself

Don't stop 'till you hit the right spot  
'Till you make my heart throb  
This is what I want  
I've been waiting for the safeword  
But it really won't hurt  
Baby I can cope

True, it wasn't you  
Who got me bruised  
That maybe right  
You don't wanna try  
Then maybe I will try myself  
To lighten up my life  
It's only my perception right?

The safeword, safeword, safeword, safeword, it really  
hurts
