It sure has been wonderful, radical
I think I'll be sad till you come to me
But let it be, I won't let you go

Love is a cannibal, like Hannibal
The speed of my heartbeat is killing me, is eating me
I won't let you go, I can't help myself, the feeling's all wrong
So why don't you call when the cannibal's gone

I wear no aureole, it's typical
It's all in the mind if you want it to
I'll see you through, I won't let you go
I can't help myself, the feelings are wrong
I won't let this happen, I can't go along
I won't let you go, I can't always hide
So why don't you call when the cannibal's gone

I won't let you go, I can't always hide
I won't let this happen, the feeling's all wrong
The feeling's all wrong
I can't help myself,
So why don't you call when the cannibal's gone
