While being down for all them acid years
I'm spoiled but unafflicted by TV
I'm gonna wait some more
I'm gonna wait some more

I'll bring you down so unefficiently
For who am I supposed to be
In your play - reverse

Then you'll hear my
Luciferic phrase

While being down for all them acid years (I'll bring you
down now)
I'm spoiled but unafflicted by TV (I'll come around and
bring you down)
I'm gonna wait some more
I'm gonna wait some more
