The summer is here, but I'm just sitting in my room
I'm sitting wondering if you think of me as I think of you
I'm lost without you, you don't know what I'm gonna do

When I had you, well I won't ever realize
Know I blew it, and I'll never get another chance
Now the summer is here, and you're with somebody
else

Now that you're gone, I don't know if I can carry on
Sorry 'bout the things that I've done
I know that it was over 'fore it started

I have got you're number, but I haven't got the guts to
call
Know it's up to me, but I just stare at the wall
Know it's useless, I should just forget it all

When I was with you, I never took you seriously
When you told me you'd had it and that you would
leave
I said that well baby, noones better of alone

Now that you're gone, I don't know if I can carry on
Sorry 'bout the things that I've done
I know that it was over 'fore it started

The summer is here, but I'm just sitting in my room
I'm Sitting wondering if you think of me as I think of you
I'm lost without you, I don't know what I'm gonna do

Now that you're gone, I don't know if I can carry on
Sorry 'bout the things that I've done
I know that it was over 'fore it started

Now that you're gone, I don't know if I can carry on
Sorry 'bout the things that I've done
I know that it was over 'fore it started
Over 'fore it started
Over 'fore it started
Over 'fore it started
