Can't you see which way you're walking now  
Opposite to hell is the place I wanna dwell in  
Blind you cannot see it's in front of your face  
It's a change to get to a better place

Jesus loves you someone said to you  
Jesus sees you what you're up to  
Jesus saves you if you wanna take  
Him to live in your heart take him

Shaking - your head is shaking  
Breaking - your heart is breaking  
Aching - your soul is aching  
Faking - this is no boardgame

No

Can't you see the sin you do now  
Pretty soon find out no doubt  
Can I call you Rita seniorita  
Gimme the blood of Christ a little bit
