It was a day like today when my Jesus died
Alone in a cross He was crucified
but three days later He rose from the dead
Went up to the heavens a place for us to set
Ain't no joke what He did on earth
Laws of nature broke when he told that girl
get up on your feet and walk
cos she's just asleep not dead like they talk
I see you hanging there
Don't know whats on your mind
I see you hanging there
Hey J are you alright

How does it feel to take a nail through your hand
How does it feel to carry the sin of man
How does it feel to be the most broken man
How does it feel to take a nail through your hand

How does it feel to see that which You've made
turn against You because of so much hate
You looked down on us tears rolled down your eyes
All you saw was death because of all the lies
If I could see what you saw I know I could cry too
that's why I wanna serve You at least I'll try to
cos even when I was alone You were there for me
Never left me alone cos You care for me
