Can I see you in the morning?
(Can I see you in the morning?)
Can I see you in the morning?
(Can I see you in the morning?)

Can I see you in the morning?
Like I see you late tonight
Come and hold me
Come and hold me

Come and make me feel alright
In the morning
Can I see you in the morning

Can I see you in the morning?
Once I get down on my knees
Come and take me
Come and take me

Do with me just what you please
Just a short walk in the sunshine
In the open, side by side

Chance to hold you
Chance to hold you
Chance to hold my head up high in the morning

They say, you're too for me
But I know ya said that y'all wait for me, wait for me

Can I see you in the morning sun
Shining down?

I wanna see you
I wanna see you

Can I see you in the morning sun
Shining down?

Can I see you
Can I see you in the morning?
Can I see you in the morning?

In the morning
Can I see you in the morning?
Can I see you in the morning?

Can I see you in the morning?
Can I see you in the morning?
Can I see you in the morning?
