Seems like yesterday
You were in my arms
And in a special way
You touched my heart with all your charms
Now you're gone
And I find myself
Baby, I'm all alone
And there's no love left
Hey! Hey!

Don't know why I failed
For you I've always cared
And I did all I know
To win your love and make it so
You'd always stay
But you turned away
Honey, what could I say?
How could you
How could you
How could you do me this way?

'Cuz I'm chained
To your love and affection
Chained 'cuz your love
Is my only direction
Huh huh huh huh huh huh huh huh

I've got to make it right
Somehow it all went wrong
Somewhere down the line
The love I lost
The love I gotta find
Whoah! And it won't be long
I've gotta make it right baby
And carry you tenderly back home

I'm chained
To your love and affection
Chained to your love
When I hear your name

How I tremble, how I tremble, yeah

Honey, you know, honey, you know, yeah

Oh baby, yeah
Now I admit that I
Haven't been the perfect guy
For a girl as sweet as you
But my heart and soul cries out to you
One more chance that's all I need
I'm gonna make it right, baby
Now you just stay, won't you stay with me?

'Cuz I'm chained
To your love and affection
Baby, I'm chained 'cuz your love
Is my only direction
I'm chained
To your love and affection
Well well well well well
I'm chained
To your love and affection
