Ever, forever, ever and ever and ever
Ever, forever, ever and ever and ever

There you are, standing there
Reaching out for me
Something warm in your eyes
Touched my heart
And all the love I never knew, I found in you

Suddenly, my world, my life was standing still
And you touched my hand
I knew that we had laid a plan
For everlasting love, I've been forever dreaming of

At last, at last, my forever came today
When you walked into my life
Made my lonely life a paradise
It came today, forever came today

Ooh, look in my eyes and see how much I want ya
Feel my touch, you know how much I need ya
I may be young, but I'm old enough to know
Look at me, I will never let it go

Let this moment thrill me a lifetime
Make it last, make it last
Make it last forever

Ever, forever
(Make it last forever)
Ever and ever and ever
Ever, forever
Ever and ever and ever

Darling, ooh, my darling make me yours
As I touch your face
Tell me love has led me
(Led me)
To this place and your warm embrace

Thanks to you
Thanks to you my search has ended

And I want the world to see
How gently love has shined on me
(Shined on me)
Everlasting love
(Everlasting love)
That I been forever dreaming of

At last, at last, my forever came today
When you walked into my life
Made my lonely life paradise
It came today, forever came today
It came today, forever came today

Ooh, you give me love by the hour
Ooh, you're my precious little flower
Girl, you give me so much sweetness
Ooh, you give my life completeness

Make it last for more than just a day
Make it last for more than just an hour
Make it last forever

Ever, forever
(Make it, make it last forever)
Ever and ever and ever
(Make it last forever)
Ever, forever
Ever and ever and ever

Came, came today, forever came today
I can't lose it, love to hear this song
You've gotta hear your music
Hear your sweet song

I don't wanna lose it
I don't wanna lose it

I believe we can make it last forever
Oh, I believe, baby, we can make it last forever
I believe we can make it last forever
Don't you believe that we can make it last forever

Oh, why don't you believe
That we can make it last forever

Ever and ever and ever
Ever, forever
Ever and ever and ever
Ever, forever

Ever and ever and ever
