"I Am Love"

The eyes of love will watch you
As you go from day to day
The hands of love will catch you
When you fall along the way

My arms will hold and be with you
Your whole life through
'Cause I am love
And I'm in love with you

I find myself in wonder
Of why I've been misused
When love brings understanding
How can it be confused?

War and poverty wasn't meant to be
Hate is drivin' me away
'Cause I am love
And I'd love to stay

Come back lover, come back
This is where you belong
Come back lover, come back
This is where you belong

Come back lover, come back
This is where you belong
Come back lover, come back
This is where you belong

Come back lover, come back
This is where you belong
Come back lover, come back
This is where you belong

Come back lover, come back
This is where you belong
Come back lover, come back
This is where you belong

I am love
Sprinkle myself around you

I am love
Shower my warmth upon you

I'm the answer to the question
My key unlocks your heart
I'm your friend and your lover
Your sister and your brother

Let me in your mind
Let's get together
You're runnin' out of time
Let's get together

Your wish is my command
Let's get together
People take my hand
Let's get together
Love, love, love, love, love, love
Let's get together, let's get together

I am love
Sprinkle myself around you
I am love
Shower my warmth upon you

I am love
I am love
I am love
I am love

I am love
I am love
I am love
I am love
