Oh, my sweet darlin', I still love you
So I'm makin' up with you
Tears in our eyes testify
Breaking up is hard to do

The way you kiss me and love me
Made me come runnin' to your door
The way you let me in and hug me
We're forever more

I'm so happy I gave my love back to you
I'm so happy you saved your love for me, darlin'
I'm so happy we love each other

Little heartaches, we go through
Would be a blessing in disguise
Your patience is a virtue
Now we can dry each other's eyes

Come on and kiss me and love me
Now that our hearts feel happiness
Because I need you and you need me
To find our way through lonely nights

I'm so happy I gave my love back to you
I'm so happy you saved your love for me
I'm so happy we love each other

I'm so happy I feel like singing
I'm so happy I feel like singing

I'm so happy I gave my love to you, baby
So happy you saved your love for me
I'm so happy we love each other
