Too late
Too late
Too late

In this automatic age
We shop through the yellow page
Gone is the corner store
(Gone, gone)
There is a supermarket there for you
People give way to change
But feelings remain the same

And it's too late, too late to change the time
Well, it's too late, too late to change the time
And it's too late, too late to change the time
But it's not too late to change your mind
(Too late)

It's a new day, a new age
A photograph just taken
Is ready one minute later
Cars are bigger and better
But the manufacturer's satisfied never
In a world full of crime
I can't let you think that right

And it's too late, too late to change the time
And it's too late, too late to change the time
And it's too late, too late to change the time
But it's not too to change your mind
(Too late)
No, no

So you wanna be a star ?
(So you wanna be a star?)
I already think you are
(Ah think you are)
You don't have to go further
Than my loving arms

And it's too late, too late to change the time
But it's not too late to change your mind

(Too late)

Are you sure you wanna go to New York City?

(New York City)

Where girls make it big if they're pretty

(If they pretty)

Let's say you get that penthouse view

But who's gonna love you the way I do

(Just the way I do)

It's too late, too late to change the time

And it's too late, too late to change the time, no

Too late, too late to change the time

But it's not too late to change your mind

(Too late)

Yeah, yeah, yeah

It's too late, too late to change the time

It's too late, too late to change the time

Oh, too late, too late to change the time

But, it's not too late to change your mind

(Too late)

Yeah, yeah, yeah

Too late, too late
