Ah, let me show you
Let me show you the way to go

I don't know everything but there's something I do
know
I've read and heard a lot and now I'm ready to show
That we can come together and think like one
Come together now, live together underneath the sun
Please, please let me show you

Let me show you
Let me show you the way to go
Follow me, my friend

Oh, let me show you, come on
Let me show you the way to go

Just put your trust in me, I'll try not to let you down
The job is hard to do but only we can work this out
'Cause we can help each other to overcome
We can do it, we can do it now
Rejoice everybody and get the job done
Please, please, please just let me show you

Let me show you
Let me show you the way to go
Follow me, my friend, hey hey, hey

Let me show you, come on
Let me show you the way to go
Please follow me, now

That we can help each other to overcome
We can do it, we can do it now
Live together underneath the sun
Please, please, please just let me show you

Let me show you
Let me show you the way to go
Follow me, follow me

Let me show you

Let me show you the way to go
Follow me, follow me

Let me show you
Let me show you the way to go
Follow me, follow me

Let me show you
Let me show you the way to go
Follow me, follow me

Let me show you
Let me show you the way to go
Follow me, follow me

Let me show you
Let me show you the way to go
Follow me, follow me

Let me show you
Let me show you the way to go
Follow me, follow me

Let me show you
Let me show you the way to go
Follow me, follow me

Let me show you
Let me show you the way to go

Let me show you
I'll never let you down
Never let you down, I'll never let you down

Put your hand in mine
We can do it, we can do it
We can work it out, work it out

Work it, work it, work it out

I cannot stop
Let me show you, let me show you
Let me show you

Let me, let me, let me
Let me, let me, let me show you

Let me show you
Let me show you the way to go
Follow me, follow me

Let me show you
Let me show you the way to go
Follow me, follow me

Let me show you
Let me show you the way to go
