Music is a universal language
That everybody can understand
So we want to add a few words
To relate a special meaning
(Listen)

With you in mind
We have designed our teenage symphony
With your sweet vibes
You have inspired our teenage symphony

Just as long as you're out there
You know we can sing
Just keep on giving us love
And we can sing our songs

Because of you
(You, you, you, you, you, you, you)
You touched our souls and then sparked this melody
And that's why we're singing this symphony especially
for you

Just as long as you're out there
You know we can sing
Just keep on giving us love
And we can sing our songs

Because of you
(You, you, you, you, you, you, you)
You touched our souls and then sparked this melody
And that's why we're singing this symphony especially
for you

With you in mind
We have designed our teenage symphony, yeah
With your sweet vibes
You have inspired our teenage symphony

With you in mind
We have designed our teenage symphony, yeah
With your sweet vibes
You have inspired our teenage symphony
