Jackson 5  
Time is going faster everyday  
There's a time explosion  
Gotta make the most of love today  
There's a time explosion

Tito  
Moving in perpetual motion

Jermaine  
Don't you leave your brother behind

Tito  
Think that means our love and emotion

Michael  
Slow it down and take your time

Jermaine  
Life is tough but you can make it (make it)  
If love is just a chance  
You got to take it

Jackson 5  
Time Explosion  
There's a time explosion

(6x repeat)  
Tic toc tic tic toc ti

Time is going faster everyday  
There's a time explosion  
Gotta make the most of love today  
There's a time explosion

Tito  
Baby let the pendulum swing

Jermaine  
I wanna take you flying high

Tito  
The hands of time will be our wings

Michael  
Where love takes us, we'll fly

Jermaine  
Life is tough but you can make it (make it)  
If love is just a chance  
You got to take it

Jackson 5  
Time Explosion  
There's a time explosion

Time! Time!

Jermaine  
Life is tough but you can make it (make it)  
If love is just a chance  
You got to take it

Jackson 5  
Time Explosion  
There's a time explosion

Time Explosion  
Time Explosion

[repeat to fade]
