Who's? (Looking For A Lover?)

Who's? (Looking For A Lover?)

Early this morning while I was yawning  
I got a warning thought  
Somebody near me who doesn't fear me  
Knows things I ain't been taught

Somebody older (Somebody) somebody bolder  
Wants to get hold to me, yeah  
(Wants to get hold to me)  
Somebody smart wants my young heart  
I will a start, I will a start

Chorus:

Who's Looking For A Lover?  
Who'll pick me out from all the crowd?  
What thrills will I discover?  
Why love is scared or do myself proud?

Who's? (Looking For A Lover?)

Who's? (Looking For A Lover?)

Maybe some honey just wants my money  
Hey, that's a funny thought  
Someone appealing could set me reeling  
And get my feelings caught

Somebody older (Somebody) somebody bolder  
(Somebody)  
Wants to get hold to me, yeah  
(Wants to get hold to me)  
Somebody strong help me belong  
Answer my song, answer my song

Chorus:

Who's Looking For A Lover?  
Who wants to know what I can do?  
Who's Looking For A Lover?  
I'm looking everywhere for you

Somebody older (Somebody) somebody bolder  
(Somebody)  
Wants to get hold to me, yeah  
(Wants to get hold to me)  
Somebody strong help me belong  
Answer my song, answer my song

Chorus:  
Who's Looking For A Lover?  
Who wants to know what I can do?  
Who's Looking For A Lover?  
I'm looking everywhere for you

Somebody older (Somebody) somebody bolder  
(Somebody)  
Wants to get hold to me, yeah  
(Wants to get hold to me)  
Somebody strong help me belong  
Answer my song, answer my song
