Daughter of a woman who comes and goes,
Candy
Daughter of a man she barely knows,
Candy
All grown up about the things, people know to do,
How to take a love, and tear it in two
No no no, that isn't how it's gonna be
for Candy

She wants to be in love but she doesn't know why,
Candy
They think she's a child, but look at her,
my my Candy
Step by step, this is her debut
Looking for love, that's made to stay true
Step by step, she's looking for more than I see
for Candy

Candy, you know what your love is worth
It's a good thing
Candy, take care of your own love first
What the world needs know

All the young men want to pin her down.
Candy
If you're looking for a real love, it's a ghost town
Candy
Step by step, this her debut
Looking for love that's made to stay true
Step by step, she's looking for more than I see
for Candy
