Looking through some photographs I found inside a  
drawer  
I was taken by a photograph of you  
There were one or two I know that you would have liked  
a little more  
But they didn't show your spirit quite as true

You were turning 'round to see who was behind you  
And I took your childish laughter by surprise  
And at the moment that my camera happened to find  
you  
There was just a trace of sorrow in your eyes

Now the things that I remember seem so distant and so  
small  
Though it hasn't really been that long a time  
What I was seeing wasn't what was happening at all  
Although for a while, our path did seem to climb

But when you see through love's illusions, there lies the  
danger  
And your perfect lover just looks like a perfect fool  
So you go running off in search of a perfect stranger  
While the loneliness seems to spring from your life  
Like a fountain from a pool

Fountain of sorrow, fountain of light  
You've known that hollow sound of your own steps in  
flight  
You've had to hide sometimes, but now you're all right  
And it's good to see your smiling face tonight

Now for you and me it may not be that hard to reach  
our dreams  
But that magic feeling never seems to last  
And while the future's there for anyone to change  
Still you know it's seems  
It would be easier sometimes to change the past

I'm just one or two years and a couple of changes  
behind you  
In my lessons at love's pain and heartache school

Where if you feel too free and you need something to  
remind you  
There's this loneliness springing up from your life  
Like a fountain from a pool

Fountain of sorrow, fountain of light  
You've known that hollow sound of your own steps in  
flight  
You've had to hide sometimes but now you're all right  
And it's good to see your smiling face tonight

Fountain of sorrow, fountain of light  
You've known that hollow sound of your own steps in  
flight  
You've had to struggle, you've had to fight  
To keep understanding and compassion in sight  
You could be laughing at me, you've got the right  
But you go on smiling so clear and so bright
