It's been a long time since I watched these lights alone
I look around my life tonight and you are gone
I might have done something to keep you if I'd known
How unhappy you had become

While I was dreaming of you
With my heart in your hands
And I was following though
With my beautiful plans

Yeah now I'm rolling down this canyon drive
With your laughter in my head
I'm gonna have to block it out somehow to survive
'Cause those dreams are dead and I'm alive

I want to go where I will never hear your name
I want to lose my sorrow and be free again
And I know I've been insane
When I think of places I could have been

But I was dreaming of you
With my heart in your hands
And I was following through
With my beautiful plans

Standing here by the highway side
Watching these trucks blow by

Inches from my face
Yeah thinking 'bout the time I've wasted

And the pleasure we once tasted
Looking up and down this road
I've been here before
Can't be here no more

Yeah now I'm rolling down California five
With your laughter in my head
I'm gonna have to block it out somehow to survive
'Cause those dreams are dead, I'm alive
Yeah baby I'm alive, yeah I'm alive

Hey look at the way I believed in you and loved you all
these years
Now you can fill a swimming pool with all my salty tears
If you'd have told me what was in your heart
Instead of all your lies and I thought that it would kill
me
But I'm alive, yeah I'm alive, yeah I'm alive, yeah I'm
alive
