I don't want to love you no more
Please step away as I lock the door
Don't try to defend it, this love has ended
and I Don't want to love you no more

Out in the streets I have a nickle and dime
been turned away 'most a thousand times
You were illegal, saluting an eagle
And out in the streets I had nickles and dimes

When you catch up to the lies you have told
I'll be a stranger forgotten and old
When I have stumbled the keywords you fumbled
When you catch up to the lies you have told

There could not be a possible you
Out on the moutain seeing it through
I have got the pain now, seasons of rain how
there could not be a possible you

And I don't want to love you no more
Please step away as I lock the door
Don't try to defend it, this love has ended
and I Don't want to love you no more
