Too Late Too Late Too Late
In this almighty cage We shop through the yellow page
Gone is the
corner store There is a
supermarket there for you people give wait a change
but feelings
remain the same
And it's too late, too late to change the time
Well it's too late, too late to change the time
And it's too late, too late to change the time
But it's not too late to change your mind (too late)
It's a new day, a new age
A photograph is taken, its ready one minute later
Cars are bigger and better
? manufacture sastify never
A world full of crime
I can't let you take ? ?
And it's too late, too late to change the time
And it's too late, too late to change the time
And it's too late, too late to change the time
But it's not too late to change your mind (too late)
no, no
So you wanna be a star
I ? think you are

You don't have to go further
Then my loving arms
And it's too late, too late to change the time
But it's not too late (too late) to change your mind
Are you sure you wanna go to New York City (New York
City)
Where girls make it big if their pretty (if their pretty)
Let say you get that penthouse view
But whose gonna love you the way I do (just the way i
do)
It's too late, too late to change the time
And it's too late, too late to change the time
No, too late, too late to change the time
But it's not too late (too late) to change your mind
yea, yea, yea
And it's too late, too late to change the time
It's too late, too late to change the time

Ooh, too late, too late to change the time
But it's not too late (too late) to change your mind
yea, yea, yea
too late, too late
