Pretty women out walking with gorillas down my street
>From my window I'm staring while my coffee grows
cold

Look over there

Where

There there's a lady that I used to know

She's married now or engaged or something so I'm
told

Chorus

Is she really going out with him

Is she really going to take him home tonight

Is she really going out with him

'Cause if my eyes don't deceive me there's

Something going wrong around here

Tonight's the night when I go to all the parties down my
street

I wash my hair and I kid myself I look real smooth

Look over there

Where

There here come Jeannie with her new boyfriend

They say that looks don't count for much and so there
goes your proof

Chorus

Is she really going out with him

Is she really going to take him home tonight

Is she really going out with him

'Cause if my eyes don't deceive me there's

Something going wrong around here

Around here

But if looks could kill

There's a man there who's marked down as dead

'Cause I've had my fill

Listen you take your hand from her hand

I get so mean around this scene

Hey yeah yeah

Is she really going out with him

Is she really going to take him home tonight
Is she really going out with him
'Cause if my eyes don't deceive me there's
Something going wrong around here
Around here
Something's gone wrong around here
Something's gone wrong around here
Something's gone wrong around here
Something's gone wrong around
