Here she comes just a-walk just a-walkin' down the street

Singin' down do be do do wop a do do wop

Singin' down do be do do wop a do do wop

Chorus:

See the pretty pretty pretty girls in the street

Down do be do do wop a do do wop a do do wop

See them walkin' with their pretty shoes on their feet

Down do be do do wop a do do wop a do do wop

Down do be do do wop a do do wop a do do wop

I took a walk round the market down town

Taking it easy just to see what I could find

I found the girls there, long legs and blond hair

All getting set to make a mess out of my mind

Hey! Eyes left!

Chorus

I got my heart burnt, you know where I hurt

They say the miniskirt is coming back in style

I say it's not fair but what do they care

When you've got power then you use it for a while

Hey! Eyes right!

Chorus

God, if you're up there, listen to my prayer

In future man should have a different design

Give him a switch so he can turn off his libido now

Give him a tranquilizer built into his mind

Hey! Eyes right!

Chorus

Don't talk to me about Women's Liberation

They already got their right just where it hurts

Now here she comes just a-walk just a-walkin' down the
street
Singin' down do be do do wop a do do wop
Singin' down do be do do wop a do do wop

Chorus
