I'm easy to pick up, but you won't
If you know what's good for you
'Cause I know just how to use you
And I'll play you like a fool

I'll make you kiss my boots and baby that's what
I'll say what I say anything that you want to hear
And I'll do what I do anything that you want me to
I'll say what I say anything that you want to hear
And I'll do what I do anything that you want me to

I put on my rubber mask for you
'Cause baby I aim to please
And I'll ride you like a pony
So get on your hands and knees
I'll chain you to the bed post
I'll show you how it's done

I'll say what I say anything that you want to hear
And I'll do what I do anything that you want me to
I'll say what I say anything that you want to hear
And I'll do what I do anything that you want me to

Yeah that's alright

Oh take the evil out of me-
I'd like to see you try
Got a leather belt to whip you
When you've been bad
I'll put you on a leash to choke you

Yeah that's alright

I'll say what I say anything that you want to hear
And I'll do what I do anything that you want me to
I'll say what I say anything that you want to hear
And I'll do what I do anything that you want me to

Yeah that's alright

I'll say what I say anything that you want to hear

And I'll do what I do anything that you want me to
I'll say what I say anything that you want to hear
And I'll do what I do anything that you want me to
